

## GROUP SHOW

Founded in 2009 as a platform for young artists Space In Between (SIB) has since developed a reputation for exhibiting critically engaging artwork, working with individuals and collectives on gallery and off-site exhibitions. Many of these artists continue to work with the gallery today, contributing to the strong aesthetic and theoretical identity of SIB.

GROUP SHOW features artwork made by artists working with the gallery in the last 2 years, much of which has been commissioned as part of our programme.

Part of this current programme is supported by Arts Council England's Grants for the Arts but with restrictions on public funding increasing, small-scale commissioning arts organisations have to find new and inventive ways to raise money to support this kind of risk-taking and artistically exciting activity.
